

COMMUNICATIONS AND MEDIA COORDINATION

Susan McLarty will be the communications point person for the Greenville Homeless Alliance and collaborating nonprofits on the Response Plan Committee. All media inquiries should be referred to McLarty (Chairperson of the GHA Steering Committee as back-up). City and county codes officials will contact McLarty when a motel displacement may occur. When there is a media request for comment about a motel’s code violations or condemnation, city and county officials will refer reporters to their own spokespersons. Media inquiries regarding specific program and services will be referred to partner agencies as appropriate. Below is a contact list for media relations.
